## Arriving at Mandalay Holiday Resort

When we get to Mandalay my grown-up will go into reception to check-in.

The Mandalay staff will wear a uniform with a Mandalay Holiday Resort logo. The staff at Mandalay are friendly.

Sometimes they might talk to me to say hello, or to tell me about the rules of Mandalay so that I can have a safe stay. They will explain that during our stay we will have a wristband to wear. This is so we can use the facilities such as the pools and playgrounds while staying at Mandalay Holiday Resort. It is also to let staff know I am a guest at Mandalay while in the park and can help me find my way back to my chalet or site.

I can ask the staff questions about the resort, for some maps and brochures or about what we can see in Busselton.

I can ask them for help during my stay.

If the staff have difficulty communicating with me, my grown-up can give them some tips when we check-in.

Once checked in a friendly staff member will show us to our accommodation or site.

There are lots of fun things to do at Mandalay Holiday Resort.

I can play during the day until my grown-up says it time to come inside.

## Things to Do

### Swimming

If my grown-up packs my bathers I can swim in the pool until 6pm. My grown-up can read me the Pool Rules and watch me while I am swimming so that I stay safe.

The indoor pool and outdoor lagoon pool water is warm like a bath, but it might be cold when I get out of the water.

Outdoor Lagoon Pool

The Waterslide hours are 9am - 12pm and then 2pm - 5pm. A waterslide attendant must be present while the waterslide is open. This pool may be cold and may look scary, but will be a lot of fun if I am brave enough to try.

## *Playing*

If my grown-up packs my bike or scooter and I am wearing my helmet I can ride around Mandalay while the sun is up. The speed limit within the park is 5km for all vehicles, which is walking pace.

I have to be very careful to watch out for people driving cars on the roads when I am walking or riding.

I can remember to stay within the Mandalay grounds and not go out past the front sign without my grown-up.

There are 4 playgrounds and a jump pad for me to find and enjoy around the park. My grown-ups can show me on the park map where they are located.

## Exploring

With my grown-up at night we may be able to go search for possums. If we shine our torch up into the Peppermint Trees around the park, we may be lucky enough to spot a Western Ringtail Possum. We cannot get too close if they do walk by. We only watch and observe from a safe distance.

## Staying Safe

There might be lots of grown-ups and children staying in at Mandalay. It gets a bit noisy sometimes.

My grown-up can show me a quiet place if I need a break.

## Feelings about the Holiday

I am feeling \_\_\_\_\_ about my stay at Mandalay Holiday Resort

I am looking forward to \_\_\_\_\_
